

Transform Your Workforce in Hospitality Through Registered Apprenticeship

Meeting the demand for a competitive hospitality workforce requires training models that work. Registered Apprenticeship is a powerful solution that equips workers with the skills needed to drive company success. The National Restaurant Association Educational Foundation (NRAEF) and the American Hotel & Lodging Association (AHLA) invite you to join this first-ever initiative to increase registered apprenticeships within the hotel and restaurant industry.

What's Registered Apprenticeship?

It's an employer-driven training model that combines on-the-job training with job-related instruction. This "earn and learn" approach helps workers start new careers and helps businesses recruit and retain a highly-skilled workforce. NRAEF & AHLA are offering customized support to help you design the registered apprenticeship program to meet your hotel or restaurant needs. Our registered apprenticeship programs provide a career pathway for workers to become invested in their careers in the hospitality industry.

Benefits. A hospitality apprenticeship provides a framework for building a pipeline of skilled employees. Companies and other industries that offer apprenticeships report higher productivity, retention rates, and a substantial return on investment.

BUILD A HOSPITALITY REGISTERED APPRENTICESHIP

Apprenticeships help employees enter and advance up the career ladder within the company and across hospitality, helping you grow and sustain a talented workforce over time. By registering an apprenticeship program in hospitality, your company would be eligible to receive benefits, including:

- **Technical Assistance & Support.** Access the national ApprenticeshipUSA network and resources at no cost.
- **National Recognition & Partnership.** Navigate and promote apprenticeship as an industry leader alongside NRAEF and AHLA.
- **National Credentials.** Attract a loyal, high-quality workforce with a national, industry recognized credential.
- **Quality Standards.** Registration means your program meets national and independent standards for quality and rigor, showing prospective employees and customers that you invest in your workforce.
- **Company Performance.** Apprenticeship programs pay for themselves with reduced turnover, lower training costs, and higher profitability.
- **Federal Resources.** Access funding and other resources from federal programs to launch and support your program.
